

# UPDATE

Dear Brothers and Sisters,

Your Collective Agreement is probably the most important example of how we improve working condition for Screeners.

The Labour Board has made the decision to **DISMISS** the APPLICATION of CAWU and has resolved the interference by the Fake Union.

Now, Garda must address your issues in a responsible and respectful manner.

As members of the IAM and Screeners working for Garda, we must remain united and strong to achieve the contract we deserve.

Your IAM Negotiations Committee is committed to fighting for you to get a fair agreement.

We ask that you **STAY STRONG, STAY UNITED**, and together we will succeed.

In Solidarity,

IAMAW L.L 2921
