Bulletin 38-18 Radiation Exercise

On July 18th, 2018, the Company, Health and Safety Committee, CATSA along with Radiation experts, and both unions the IAMAW and Steelworkers took part in a Radiation Testing exercise in Toronto (YYZ) Terminal One.

This exercise was video recorded and will be used for future references for the education of other Screening Officer.

A report will be generated with the readings collected from the exercise.

For further information please contact a member of your Health and Safety Committee.
